Who we are

Extol Affiliates

We make experts the name buyers think of first.

2

Founders

6

Platforms per client

2½h

A week of client time

The problem: buyers don’t know great experts exist

01

No time

Experts are busy doing the work. Marketing comes last.

02

No system

New work comes only from referrals, so growth can’t be planned.

03

Too much noise

Buyers ignore generic, AI-written posts and messages.

Real example: a former Big Four partner had 1,597 LinkedIn followers and 9 reactions per post.

The audit shows it: real stories get 6× more attention

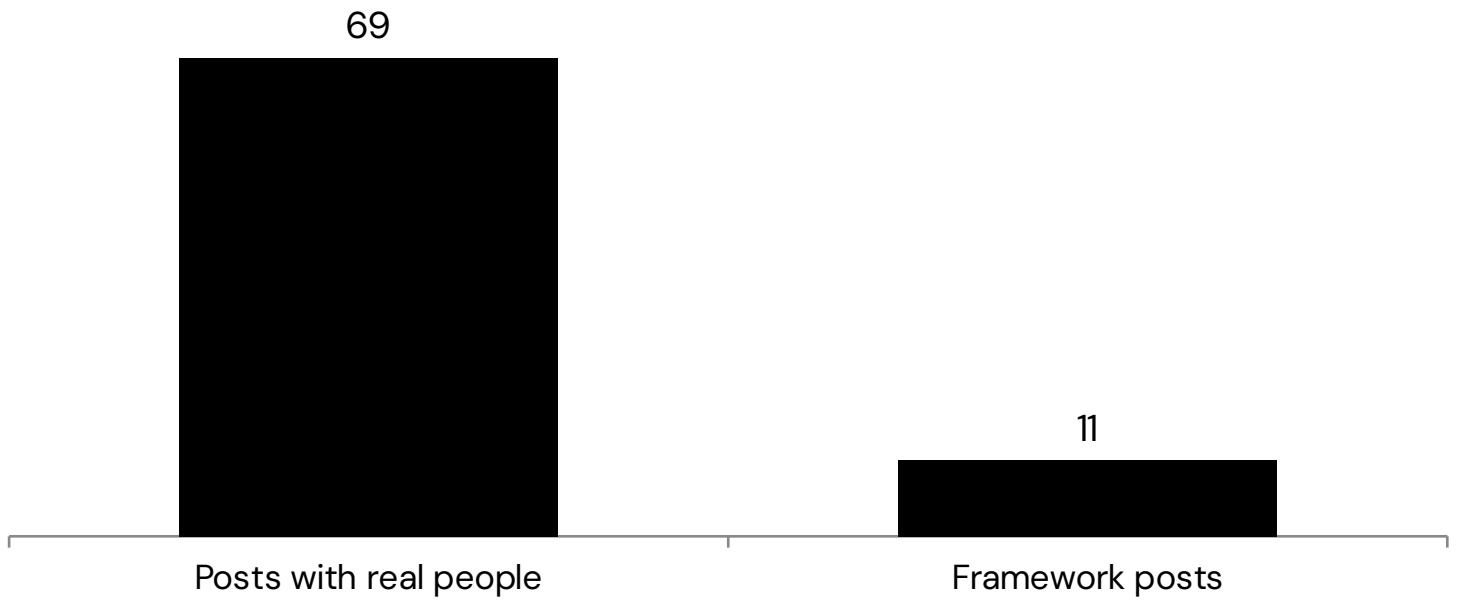

Insights

Posts with named people got 69 reactions on average. Framework posts got 11.

76% of their comments were just “congrats”.

The expertise is there. It isn’t reaching buyers.

What we've done ↘

Three clients, three markets, one method

Client	What they sell	What we did
3D Images AI	3D product models for Amazon	Outreach to 2,100+ Amazon brand owners
Bloggerly	SEO articles for businesses	LinkedIn campaign; leads now asking for calls
UK consultancy	Finance and SAP advice (under NDA)	Full growth plan, delivered the day after the first call

Our own proof: when Extol's LinkedIn page reached about 50 followers, new clients started coming to us.

What we offer

The goal: position the client as a thoughtful leader

Layer 01

One signature idea

The line people remember and repeat. Every post leans on it.

Layer 02

A clear point of view

Weekly posts that take a side, in the client's own voice.

Layer 03

Proof and presence

Client stories, named only with permission, seen in feeds, inboxes, webinars and communities.

Not an influencer. A voice buyers trust.

The system has six parts, and we run all of them

01

LinkedIn, run by agents

Profile, posts, comments, connections, follow-ups.

02

Cross-platform posting

One idea out to X, Instagram, Threads, Substack, YouTube.

03

Webinars

A monthly session that turns followers into conversations.

04

Community on Skool

Waitlist, cohorts and a self-paced membership.

05

Website and articles

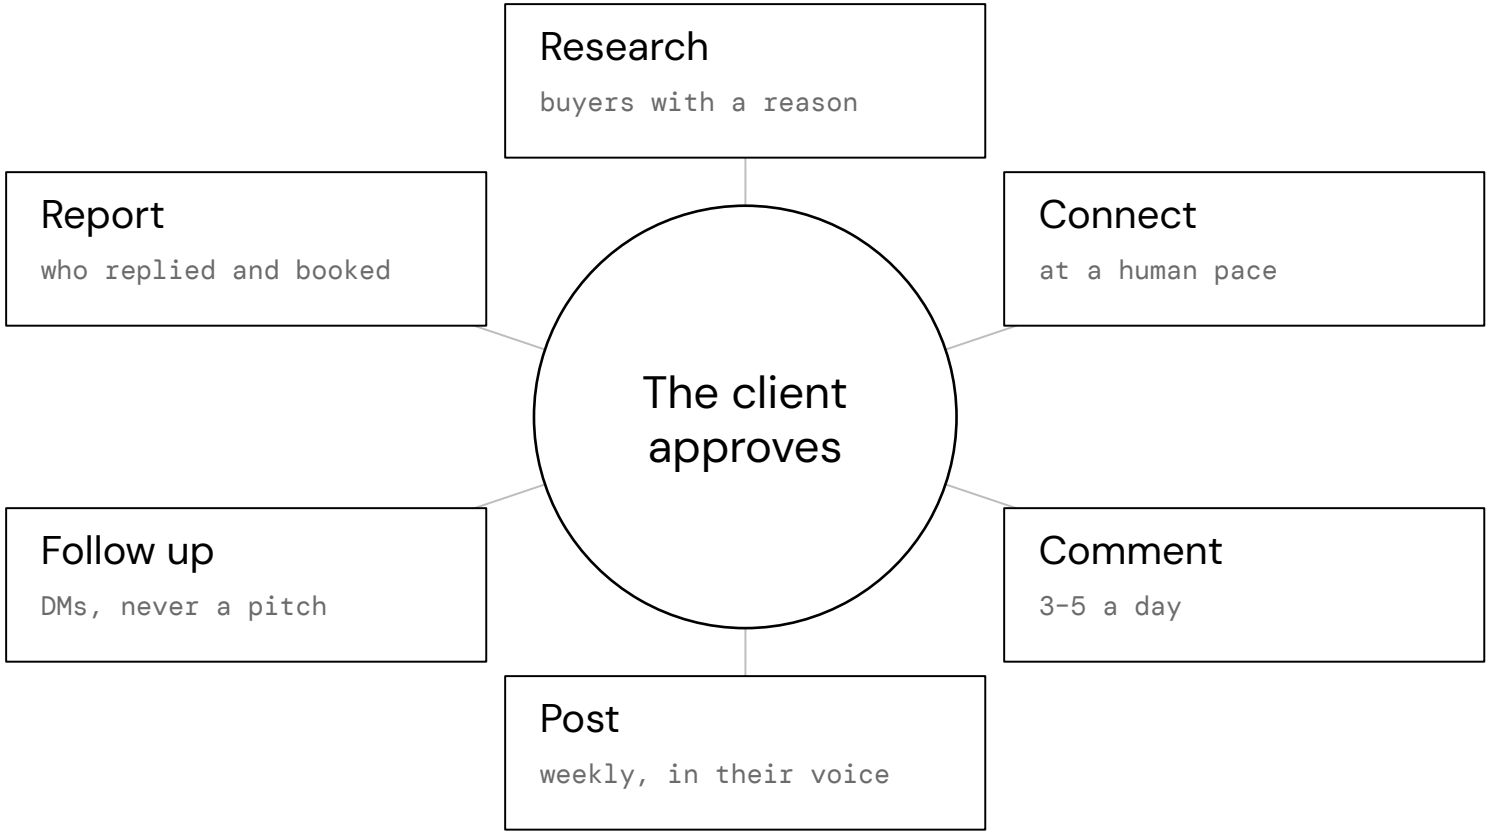

One place to land, and articles that rank in search.

06

Reporting

A live dashboard and a monthly review of what works.

LinkedIn runs on agents, end to end

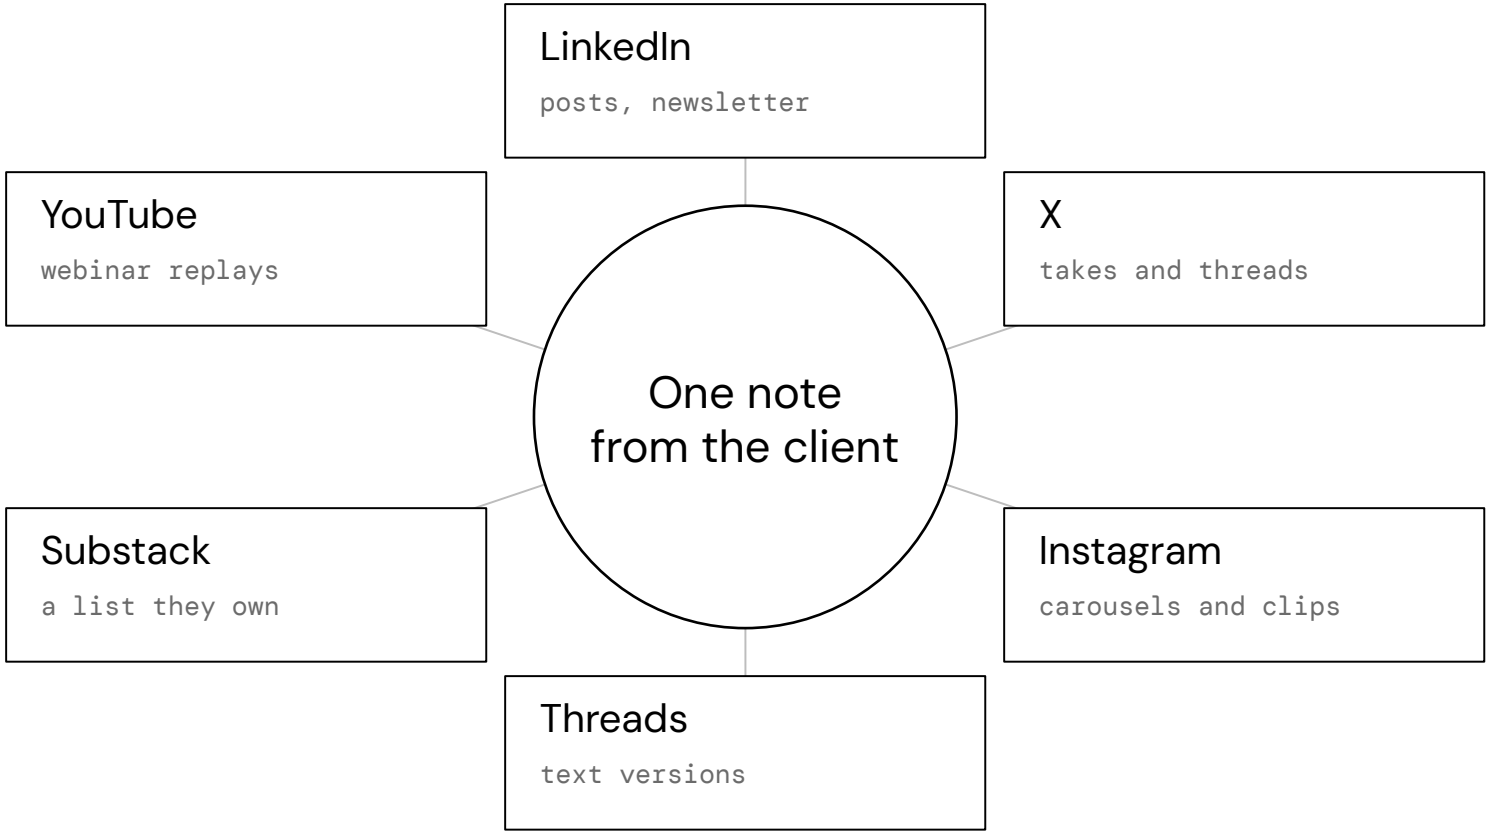

Client time

About 10 minutes a day, approving drafts on their phone.

They never write from scratch, chase connections, or remember who to follow up.

One idea, published everywhere buyers look

Why

Write once. Be seen in six places.

Buyers don’t all live on LinkedIn. The newsletter builds an audience the client owns.

Webinars and community turn followers into clients

Webinars

Monthly, 45 minutes

Buyers bring a real problem; the expert solves it live. Every attendee followed up within 48 hours.

Clips

One hour, a month of posts

Every session is cut into short clips for every platform.

Skool

The audience’s home

Waitlist, free taster, paid cohorts and a self-paced membership. Agents handle admin.

Every piece passes our Taste system

200+

proven posts, reels and websites studied and broken down: why each one works, and when to use it.

01	Match	Each piece is matched to the one reference that fits it.
02	Apply	We use its craft: structure, pacing, type and layout.
03	Never copy	Their assets stay theirs. Colours and voice stay the client’s.

How it works: 2½ hours a week from the client

01 · Client

Sends one short note

A voice note or a few lines, once a week.

02 · Extol

Agents draft

Posts, clips and messages in the client’s voice.

03 · Client

Approves

Yes, edit or bin, on their phone.

04 · Extol

Publishes and reports

Everywhere, at a human pace, with results tracked.

Nothing is ever published without the client’s yes.

What we expect outreach to produce each month

Insights

At full pace: 20 connection requests a day.

37% accepted.
18% of those reply.
30% of replies book a call.

Outreach in one month (estimate)

Planning estimates from our consultancy client’s plan, not yet proven results

Leads should build up month by month

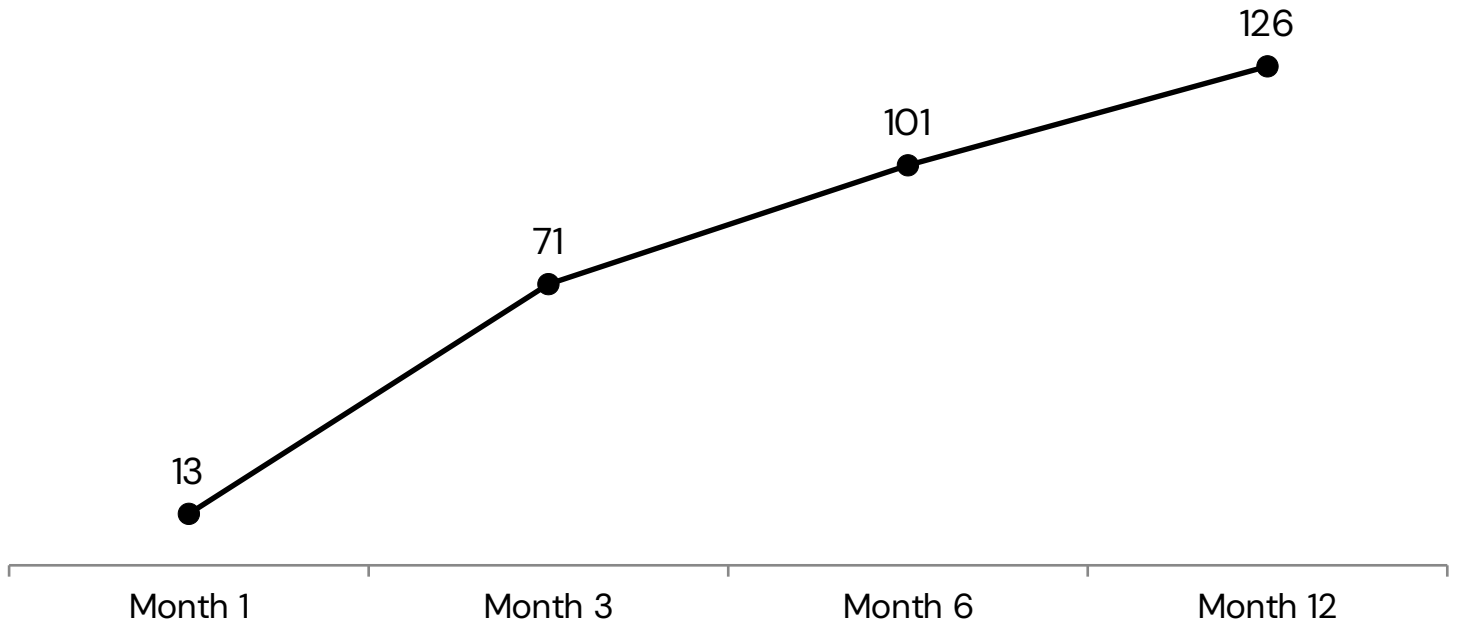

Insights

By month 6: 100 qualified leads a month, 10 real sales calls, 2–3 new clients.

A qualified lead replies, books or signs up. Likes don’t count.

Big contracts take 6–12 months to close.

Qualified leads per month (forecast)

Forecast mid-points from our consultancy client’s plan, not yet proven

What it costs: one fee, every tool included

£1,500	£1,200	£2,500
Month 1	Months 2-3	Month 4 onwards
Set-up, voice interview and website build	Founding price, full delivery	Every platform, agent, Skool and webinar tool

---

Our promise: at day 60 we review the results together. If we're behind plan, we fix it in writing, or the client can leave.

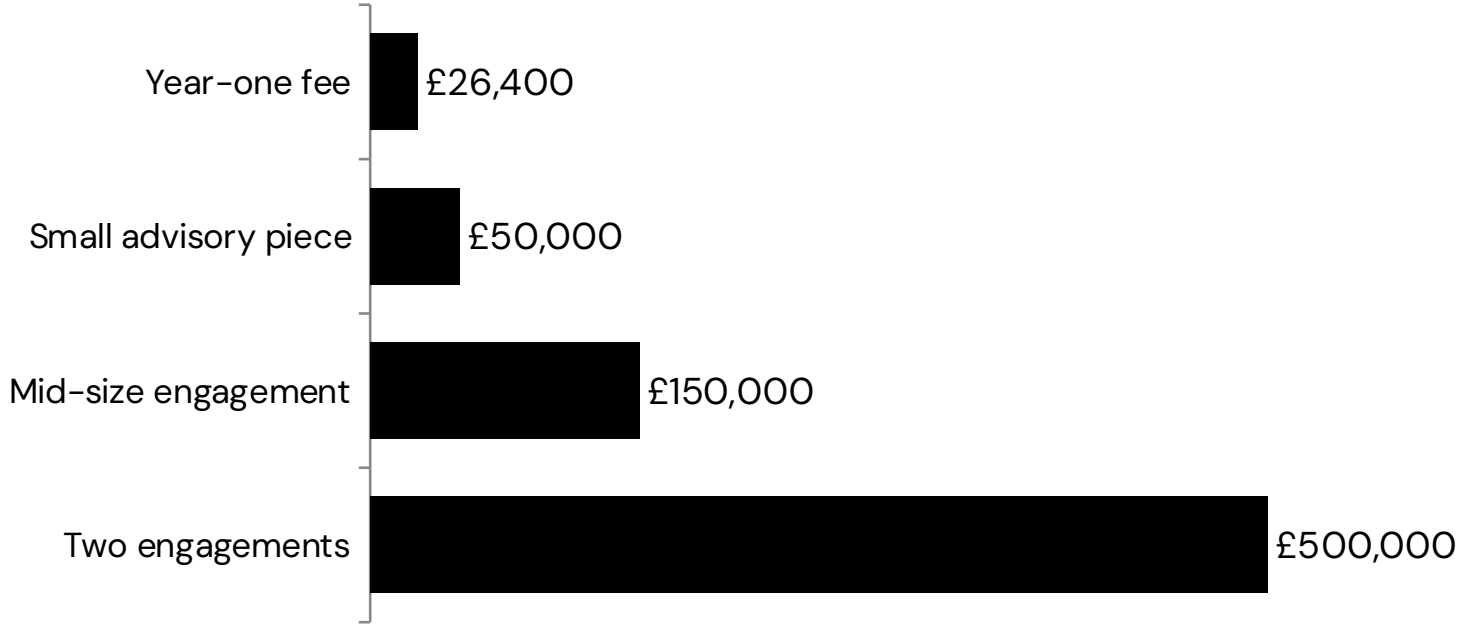

One client win can pay for the whole year

Insights

Year-one fee: £26,400.

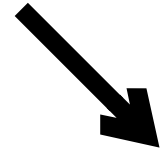

Return on the fee, on profit at a 50% margin:
0.9× one small piece
2.8× one mid-size engagement
9.5× two engagements

Your role

Three ways you can help us grow

#1

Advise

Sharpen our offer, pricing and pitch. Sit in on key pitches and debrief us.

#2

Guide

Help us choose the one market to own first, and tell us which proof your network trusts.

#3

Introduce

Connect us with experts and firms who need us, and join first calls where your name helps.

Where your experience matters most

Proof

No case study with hard numbers yet.

What proof would your network trust?

Focus

We work in three very different markets.

Which one should we own?

Pricing

Our price is tested with only one client.

Is it right for the value?

Growth

Two founders do sales and delivery.

When should we hire, and who?

How we could work together: three options

Option	How it works	Best when
A. Referral partner	A share of fees from clients you introduce, for their first year	Simple, results-only terms (our suggestion to start)
B. Advisor	Set hours each month, plus a smaller share of fees	Advice is the main value
C. Strategic advisor	A small stake in Extol, once the fit is proven	Long-term alignment for both sides

Start with A for 90 days, then review together.

The first 90 days together

Week 1

Agree the role

Role, terms and a monthly hour in the diary.

Day 30

Pick the market

One market to lead with, and 10 people you could introduce.

Day 60

First intros

First introductions and calls, with you in the room where it helps.

Day 90

Review

First new client signed or in proposal. Decide the long-term model.

Which market do you know best? Who comes to mind first?

You know the people. We build the system.

Thank you
